Project Name: Milford Mine Memorial Park- Completion of Phase 3

Project Description:

In 2007, Crow Wing County initiated and developed a conceptual site development plan for the Milford Mine Memorial Park. The plan identifies different phases of development. Phases 1 and 2 have been developed recently and Phase 3 is being planned for summer of 2016. Crow Wing County has exhibited the desire to protect and restore this historically significant site and provide educational, interpretive and outdoor recreation opportunities to the public. Due to budget limitations, portions of Phase 3 of the Milford Mine Memorial Park project require additional funds for completion. Specific project items include a restroom, a secondary picnic shelter, west canoe launching/fishing platform and site preservation.
